Girl Collection, a.k.a., "Floyd Mayweather's Club," is one of the newest gentlemen's clubs to hit the Las Vegas nightlife scene. Located a short distance from the Las Vegas Strip, this upscale, intimate club attracts a high-profile clientele and fans who frequent nightly – including the Mayweather himself. The name is fitting; Girl Collection is, in fact, a collection of beautiful and talented girls, all approved by Floyd Mayweather; nothing but the best for his club. He developed this club concept while serving two months in prison in 2012 for domestic violence. This pro boxer turned club owner told USA Today, "women never go out of style...half-naked dancers, liquor, and music are a lucrative mix." Spanning 7,000 square feet, here you will find a large main room with girls dancing on stage and stripper poles. If you like the royal treatment and have money to burn, you can opt for a private room or the VIP Section, but no matter where you sit inside this club, you can be assured of having a great time.
